

Become a Cameo Partner!

We are excited to announce our Cameo Partner Program! By becoming a partner, you have the opportunity to resell Cameo, which can increase your revenue and diversify your product offerings.

The Cameo Partner Program provides its Partners product and technical support as well as training on how to promote, demo and sell Cameo.

We structured the program to provide the maximum level of support based on commitment, business model, markets served and business location.

Why Partner with Yukon?

Yukon has extensive experience in providing training to various companies around the world. This experience enabled us to create Cameo; a product we feel will change the way companies reinforce learning. Yukon is committed to our partners and recognizes that success is a collaborative effort. We want both parties' efforts to be rewarded by a relationship that is successful and mutually beneficial.

About Yukon

At Yukon, we believe in "Making Learning Stick" and we help our clients achieve this by offering proven products as well as custom e-Learning solutions. Since 1989, we have provided training to companies all over the world and have focused on developing new and innovative ways to help our clients offer the best solutions and experiences for their Learners.
